

**REMARKS**

The Official Action is a further restriction requirement in which it is urged that there are two separate and distinct inventions claimed in this application. Applicants elect the Group I invention drawn to a method for making an unmemory cold deformable object which includes claims 14-24, without traverse. Applicants have canceled claim 25 without prejudice or disclaimer as being directed to the non-elected invention. Applicants reserve the right to file a divisional application on the non-elected invention at a later time.

In view of the election of the Group I invention, without traverse, and the cancellation of claim 25, an early and favorable action on the merits is now believed to be in order and is most respectfully requested.

Respectfully submitted,  
BACON & THOMAS, PLLC
